

MANIFESTO OF PLAN FOR KZN REGION

I plan to increase the number of meetings of the KZN Region to ensure that we constantly assess the requirements of our membership.

That we hold more training or education sessions.

That we provide more opportunities for the KZN Region, which is geographically and financially distant from Gauteng, with CPE points.

That we attract more people to becoming members of the ACFE in the KZN Region; by providing workshops.

That we offer mentorship and learning opportunities for people in Fraud to pass their exams and become a value to the CFE society.
