

ANTI-INTIMIDATION & ETHICAL PRACTICES FORUM

The Anti Intimidation and Ethical Practises Forum, of which the Association of Certified Fraud Examiners South Africa is a founding member, needs you to contribute to a report on corruption, ethics and intimidation.

You can have your say by completing the AEPF Ethical Practises Survey 2018.

The Ethical Practises Survey, now in its second year, measures the “state of ethics” in the South African society as well as organisational and professional contexts, from the point of view of professionals. The survey is *completely anonymous* and we encourage your utmost honesty when answering the survey questionnaire which should not take more than 10 minutes to complete. Be a part of the collective effort, across all disciplines to actively having your say against corruption and together we can play a leading role towards an ethical society.

To gain access to the survey please click on the [following link](#)

For more information on blowing the whistle or the AEPF go to <http://www.aepf.co.za/>
